From Father Ian

My sense of time feels a bit 'off' just at the moment. I am sure it is because Easter was quite late, and so in church we were still in Easter Week when the new school term began. So, to try and get things reorientated:

We still have a way to go before we reach Pentecost (Whit Sunday) on 9th June, which is the last day of the Easter Season.

Then a week later, Trinity Sunday, and then, on the 23rd, we celebrate our Corpus Christi festival and lunch.

These various commemorations are intended to draw our hearts, minds and lives into alignment with God's love, by enabling us to see how Jesus' teaching and example apply to us, and how we can support each other on our journey of faith.

Please come and join us.

And I am so looking forward to the Flower Festival at the end of the month. The Priory is an ideal place in which the products of human artistry can be combined and contrasted.

We look forward to seeing you!

Father Ian

AUGUST CREAM TEAS IN THE ST BLAISE CENTRE

For several years, Sue and David Jones have arranged cream teas every Sunday in August. The teas have proved very popular and have raised in the region of £1,000 each year.

There has been considerable help in making scones and cakes, as well as helping in the kitchen, serving the teas and taking money.

This year, due to other commitments, Sue and David will be away for several of the Sundays and are unable to take on the organization of the teas. So, we are looking for someone or a group of people to take responsibility for the teas, as it would be sad for the event to be discontinued.

If you are able to help in any way, please speak to me or David.

HALNAKER COMMUNITY HIGHWAY SCHEME

Dear Resident/local Stakeholder,

We invite you to take a look at a submission for funds from the WSCC Community Highways Scheme (CHS) to improve the lives of the residents and visitors to Halnaker, part of this Parish.

The document has been prepared by a sub-group formed by the Parish Council in 2017 to specifically look into actions that can be taken to tackle the issues associated with high volume speeding traffic in our villages in the Parish.

The Halnaker Community has already taken some steps (Permanent Vehicle Activated signs, regular Community Speed Watch sessions, randomly deployed Speed Indicator Device) to help alleviate the issues of speeding traffic in Halnaker but now help is needed in the form of expertise and funding to make more significant change and more progress.

This submission contains:

- Data driven speed analysis supporting a case for change
- Multiple suggestions and solutions to improve pedestrian accessibility and mobility, whilst reducing intimidation from high volume, speeding traffic
- Ideas to provide feedback to drivers regarding the village environment they are entering and motivating a speed reduction
- Positive focus to encourage alternative, sustainable modes of transport by residents, businesses and visitors
- Considerations of the impact on the built environment of the Conservation Area, on our historic assets and on the sustainability of local businesses
- Guiding principles about non-urbanisation, including no more lighting, no speed bumps, no pelican crossings. Our approach is to use the type of interventions that enhance accessibility, increase mobility for all and impact driver behaviour but are still harmonious with a rural setting.

We believe this submission has considerable merit as measured against the WSCC score card and has potential to attract the necessary funding from the Community Highway Scheme.

Final sign off by the Parish Council is scheduled for their June meeting and we would appreciate your support at that event or via email to the address below. This will positively add weight to the 'Community Involvement' in our bid to secure funding.

This submission follows on from a similar Community Highways Scheme for Boxgrove which in 2018 was approved by West Sussex Highways and is now in the feasibility phase pending implementation in the next financial year 2020/21.

To access & view the Halnaker CHS document please go to: https://boxgrovepc.org/images/PDF/community/Halnaker_CHS_may_7th_V2.3_70res.pdf

Please send any feedback or confirmation of your support to boxgrovetraffic@gmail.com

Thank you.

Boxgrove & Halnaker Traffic Calming Group

BOXGROVE PARISH COUNCIL

Report from the Parish Council, May 2019

This past year has been a very busy year for Members and some volunteers whom I thank profoundly.

The Village Tidy Up took place last week, a repetition of the occasion last year which brought so many welcome comments from all and sundry. This year it coincided with the visit by WSCC grass cutters, and together with our efforts the Villages look quite pristine. I understand that the grass verges in Halnaker have received similar treatment, I believe by Tinwood.

The Traffic Calming Group and the Community Safety Partnership have achieved astounding results throughout this past year. Many of the well thought out proposals by the groups have received the deserved support by WSCC Highways, for which we thank Chris Dye and, of course, our Councillor, Jeremy Hunt. Peter Gillespie has continued to provide data to the Police, which has resulted in fairly regular attendance by Police Speed Camera teams on the A285 through Halnaker. And now the Halnaker Highway Safety Scheme is ready to be submitted for WSCC approval - another great effort by those concerned. Paul Addison has successfully created the Windmill Trail to guide visitors/walkers from the Village by way of the extensive footpaths available up to the landmark Halnaker Windmill. This now looks quite splendid since its refurbishment: it was disturbing that someone chose to force the lock on the new door to gain entry, but when will that dreadful Hennis fencing be removed? Judging by the amount of this fencing now deployed at the Westhampnett recycling facility I think WSCC must be shareholders in Hennis Fencing!

The future of the Village Stores was in some doubt for a while but this appears to have been resolved and we wish the new Management well in the future; but at the same time thanks must go to Jane for all her efforts. We must give the Shop the support it deserves.

There has been a fair amount of criticism of the allegedly old and tired children's Play Area: it's in the wrong place, the features need renewing/updating, and it's not terribly well maintained with the leaves and twigs which accumulate throughout the year. Regarding this last remark, it is in the wrong place!! Under those blasted trees. It was originally constructed where it is because most of the young children who might use it lived in the housing nearby. These have all grown up now, and few children seen using the play area are from Boxgrove these days.

Children's Play Area features are dreadfully expensive, and to do what many people have suggested would cost in the region of £20,000. To move it elsewhere with new equipment about £50,000! Let me give an example of costs: the swivel at the head of the chains on the Tyre Swing costs over £400 and the safety inspectors recommend it be replaced every 5 years. Another £300 to fit it. I have fitted the two replacements so far for nothing! Because I can! So more thought needs to go into this future provision.

I will add, in support of its position, the Police do like children's Play areas to be overlooked: this helps to prevent crime involving children. I would also appreciate someone else stepping forward as the Play Area Warden responsible for simple regular inspections. I've been doing it since its inception. And once again I thank Stuart Power for his regular care of the litter bin within the Play Area.

/continued ...

We have witnessed a substantial amount of Planning Applications in the Parish and we appreciate the Community Infrastructure Levy funding which has come our way. This will allow the Parish Council to improve the infrastructure in the Parish. If you have any ideas please discuss this with a Councillor or bring it to the Parish Council. Such a shame our Neighbourhood Plan has been delayed by one reason after another; had it been made within a reasonable schedule the CIL receipts would have been much more.

I think I have written enough so I will finish with my sincere thanks to everyone connected with this Parish for your support over the past year.

The Election of Chairman and Vice Chairman took place at the recent annual meeting on the 13th, and the appointments remain *status quo*.

Flower Festival Fever

At the end of this month our church will be overrun by thousands of people flocking to see the creations decorating the Priory under the title *In Quires and places where they sing*” Many of these visitors will be bowled over by the originality of the arrangements, but will have no idea of the work that has gone into making them.

Believe me, I know - having been side-kick to my friend Sue, who is a wonderful flower arranger. Remember the pulpit at the last flower Festival? Exploding with new life? That was hers.

In the past I have been her helper in various flower related tasks - preparing displays for Christmas, sorting out the various flowers for weddings and even making flowers in icing! Well, when I say helper I actually mean Gofer (a person who runs errands on a film set or in an office - a dogsbody).

Well now you have the right idea. I am the person who carries vast numbers of boxes into the Priory, sweeps up after all the mess-making - or ends up sticking 150 leaves to a polystyrene ball with pins.

Another job which has fallen to my lot was wiring up ivy leaves to go as part of a corsage for wedding guests. The initial challenge is finding the ivy leaves which are just the right shape - no good bringing back ones with slug holes in or with just the wrong type of points on it. Then, in order for it to fall in just the right way on the gent's lapel, it needs a piece of fine florist's wire (.21 floristry wire) threaded through the

back of each leaf, twisted down the back and then bound to the stem with green Parafilm tape. I ask you - what a palaver! And then all you have is a well-behaved leaf!

The title this year for the Boxgrove Flower Festival means that all the arrangements will be related to various pieces of church choir music. An ingenious idea for a church where music plays such a huge role in the liturgy. Sue and I have been allocated the title 'God is gone up with a merry noise!' - not an anthem I am familiar with - and I imagine our arrangement will be festooned with golds and bright notes! Sue has had some ideas for the arrangement and we have already sourced the trumpets! Here is the text:

*God is gone up with a merry noise
and the Lord with the sound of the trumpet.
Thou art gone up on high,
thou hast led captivity captive,
and received gifts for men.
O sing praises unto our God,
O sing praises unto our King.
Alleluia.*

I must say, when I first heard our title I thought "Help!" Now it takes a certain sort of brain to look at those words and "see it in flowers". Decidedly not the sort of brain I've got. But Sue has been blessed with a visual imagination and endless patience. When I am given a bunch of flowers they just get plonked in a vase. I think I've done well in the flower-arranging line if I remember to put in the little sachet of liquid plant food sellotaped to the cellophane wrappings. And if some foliage gets added from my garden I am so proud I take a photograph of it! I am decidedly a plonker.

But Sue approaches the whole arranging process in quite a different way. First of all there is this thing called 'conditioning' which means giving the flowers a long drink. Well actually it is far more than this - first take off the leaves which are going to be below the water level in the vase, then put the blooms in a bucket of water in a cool place and leave for at least a couple of hours (by which time I would have taken off on another venture and completely forgotten about the drinking flowers).

If you have woody stems on your blooms (such as roses) the next step may seem a cause to call the RSPCF, since it is so cold-blooded: dip their stems in boiling water until air bubbles cease to come out of the cut end (dying gasps maybe?). Sounds crazy, I know, but it works. If your stems are hollow, dipping them in boiling water will just produce an interesting side dish for your lunch, so with them (eg Delphiniums or Foxgloves) the technique is quite different. Firstly you fill the hollow stem with water, then plug the end of the stem with damp cotton wool. I know - life is too short to teeter about on chairs filling your delphinium stems with water - but flower festivals are a serious business.

Here is a photo of Dogsboddy II - Sally - stuffing a larkspur stem with a plug of cottonwool. (You need to be a grade II flower arranger to be trusted with this job!)

I am more in my element growing plants for the Flower Festival. But even this has its stresses. Just ask any grower for Chelsea! We decided that some gold and white gladioli would be just the things for the trumpets' notes, so two months ago went to the garden centre and purchased forty glad. bulbs - 20 gold and 20 white. Now - how to get them at their best for 28, 29 30 June? I planted half the bulbs 8 weeks ago and the other half 4 weeks ago. The first batch and the second batch look almost identical already, so now, with about 6 weeks to go to the festival, I have to decide whether they need to be encouraged to flower - maybe putting a Heath Robinson cloche over them - or if they need to be slowed down. Much harder to stop something coming into bloom. I did wonder about watering them with ice cubes. Yet another call to RSPCF!

So - on 28, 29 or 30 June, if you don't get knocked down by the thousands of visitors, look out for our flower arrangement and decide whether you can hear the notes of 'God is gone up with a merry noise' bouncing around inside your head. I hope so.

NEWS FROM BOXGROVE WI

May 2019

The President welcomed the Members and two guests to the May Resolution meeting. WI business was dealt with first and the final arrangements for the forthcoming Spring Fayre on the 19th were agreed by Jeanette Davy.

There were two Resolutions for discussion before a vote was taken on each. The first was to ask the Government to ensure the continuity of local Bus Services, and the other to encourage women of all ages to allay the fear of having a cervical smear test. Both votes were carried and these Resolutions will now go forward to the WI National Meeting in Bournemouth in June.

Following this important part of our meeting we relaxed with tea and cakes and Polly O'Hare compered two games of Bingo.

Chris, the President, then thanked Jill for the teas, Sandy for conducting the Raffle and Jo for the posies.

Next month, our Speakers are Lizzie and Tony Gilks, who will elaborate on how we got our colloquial "sayings". Please do feel free to come along.

BOXGROVE NEIGHBOURHOOD PLAN UPDATE

May 2019

Since the last update we have now received more information from Chichester DC Planning dept about the progress of our plan.

They have now clarified that despite finding that our plan has sufficient mitigation measures, in accordance with their legal advice they would have to carry out a Strategic Environmental Assessment anyway. This is about the possible effects that any development in the parish will have on the flight of bats from the Singleton and Cocking abandoned railway tunnels.

Fortunately, there will be no direct cost for Boxgrove Parish in doing this work.

Hopefully we are now only weeks away from the examiner being able to get on with his work and give us the necessary feedback for us to finalise our Plan.

Exploring the Disused Railways of Sussex

On 9 July, at 7.30pm in Boxgrove Priory, David Bathurst, a member of the Priory Choir and author of many books on walking both in Sussex and across Great Britain, will be talking about walking the disused railways of Sussex, as part of the Festival of Chichester.

Sussex has a rich railway history, with sadly many lines having now shut. However, many of the lines have been turned into public paths, and even those which have not offer much of great interest to the historian and visitor. Disused railway exploration has become very popular in recent years and a trip to any one of them provides great opportunities to explore part of our industrial and transport heritage, often in quite beautiful surroundings.

Music will be provided by the *a cappella* group Cavatina, and refreshments will be available.

Admission is absolutely free, but there will be a retiring collection for Priory funds. There will also be the chance to buy David's latest book - a humorous book on a walking theme!

MAKE A WILL FORTNIGHT 2019 3 June 2019 - 14 June 2019

Take part in St Wilfrid's Hospice *Make A Will Fortnight* scheme and have your Will written or amended by a local solicitor firm without charge.

Why do I need a Will?

It's essential to make plans for the assets you leave behind when you die, however large or small, to ensure your money and possessions go to the people and charities that you care about. A Will is particularly important if you have dependent children and for recording your wishes with regards to any pets and your funeral plans.

A properly made Will provides peace of mind from knowing that you have made it as easy as possible for your family to sort out your Estate.

By taking part in St Wilfrid's Hospice Make A Will Fortnight your Will can be written, or amended, without fees, and instead you will be asked to make a donation to St Wilfrid's at the time of your appointment. For details go to <https://stwh.co.uk/support-us/events/make-a-will-fortnight>.
